Attached is a revised version of the Q&As, which incorporates many of the changes suggested by Rob Walls, Jane Wilson and Paul Kraske. The new and revised sections are shown in italics. (Please note that the second answer indicates that Phase II is 80 percent complete, but the proposed presentation to Sharad Pawar indicates 70 percent complete. Confirmation of the correct number would be appreciated.) Your early review, comments and approval would be greatly appreciated.

Thanks,

John
