Subject: Don Black

Before I call Don, I just want to confirm with you that your understanding is that we will assist EES in putting their publications on their own site. In other words, Don would need to appoint his own people - an IT person to build the site (which we can assist with) and someone to research all their publications to see whether they're available electronically. The EES Marcom group sent me 33 publications which they subscribe to and before I call Don to tell him he needs an EES person to take care of these, I want to make sure you and I have the same understanding. We briefly talked about this before, but I want to be certain. Thanks.
