Subject: WT-1 Electric Service Agreement

P.S. -- Dave, on your wish list you had included an evergreen provision. See Section 2 of the original contract, which gives TW the right to extend for another five-year term by giving notice to SPS. If TW does not give such notice, SPS may cancel the contract, and if it doesn't, the contract automatically rolls over for another year. If this is not acceptable please let me know.

an amendment to the original electric service agreement. Dave, I'll bring you a copy of that agreement. Rich, if Mike did not send you one, let me know and I will fax it to you.

In my revisions, I've attempted to reflect the least cost billing you described to me, using terminology I read in the tariff. Please let me know if it looks alright to you. I'm available to discuss this whenever you are, then I will make sending this to Mike top priority. My sincerest apologies
