John and I haven't talked about this need, but I will certainly think about any likely candidates. Danny Clark, who used to work in Deal Clearing & Documentation for ECT a couple of years ago, is in EES as far as I know. He was knowledgeable and meticulous, understood trading as he was a risk book administrator in a previous life. Have you considered him? Give me a couple of days to think about potential candidates from within ENA, and I will get back with you. --Sally

Subject: Confirm desk

Well, we're a few years behind you, but one of my goals is to set up a confirm desk for EES. John Echols told me he gave you a call to see whether there were any candidates from your shop for whom this might be an opportunity. Please let me know if any background or perspective would be helpful.
thanks.
