I think it needs to be pathed in Unify. Here's the problem. I created a sales deal ticket and Kim and I didn't know if the supply just needed to come from imbalance or if I needed to create a one sided exchange ticket. I have no idea how the ontario desk handled it in the past. They probably were not consistent any. Would you path this?

Just take you best shot on how to do it. I think we are going to have quite a few things like this. I'm trying to figure out how to put in a sales deal ticket for Jan 2002 on Montanna Power which is in the west.

Phil and I were just looking at some of the invoices created for March activity and I noticed the sale to MidAmerican Energy was not in his stack of invoices to review. Would you see if we billed MidAmerican for March please? The deal number is 1199439, the volume is 310,000 dth and the price is $2.47 per dth. This was gas that the ENA Ontario desk had parked at Dawn. There are more notes at the bottom of this email.

Good Job! Please document the sale and the other bids, timing issues, costs, and any other factors that led to or affected the sale. If you have any questions, please ask.

Just sold 10,000 MMBtu per day at Dawn to MidAmerican Energy Company at $2.47 for March. My contact at MidAmerican is Dave Evans (515-281-2698). Dave said he was using Apr Nymx + $.05 to calculate his price.

The Goods and Services Tax (GST) in Canada is levied on sales of gas at a delivery point in Canada and where the gas will not be exported from Canada. The buyer pays the seller the amount of the GST which is a per cent of the purchase price. The seller, in turn, remits the amount of the GST to the appropriate Canadian authority. In structuring the deal, be sure that you make it clear that the Contract Price does not include the GST. If the gas it to be exported the buyer needs to notify that the gas is "zero-rated" so it is not subject to the GST.

Wade - Do you know who in settlements is handling GST payments? I hope we still have someone who can do that.

Do you know the answer to the tax question, or at least who to ask?

Thanks,
