Subject: Coleman

Dan--

I forgot one item re: Coleman. Coleman has a few wells that will be flowing thru a 3rd party gathering system into Fort Union. As part of this bigger deal with Coleman, we are going to add this receipt point (Exhibit C of services agreement) / delivery point (Exhibit C of purchase agreement) to these contracts.

The gathering services fee for this point only will be $0.145 per mcf (essentially the Fort Union fee). The marketing provisions would stay the same under the gas purchase agreement.

I will get you the meter # and other details, but for now would you call it the "Bear Paw / Fort Union interconnect" and reflect the $0.145 per mcf rate.

Thanks

D
