28213

I just spoke with Joann and this is what we are coming up with on CGAS.

Est Citygate for Nov 43,213
Storage Withdrawal 15,000

Net Purchase from ENA 28,213

Does this look correct?

We would enter a citygate sell to New Power for 43,212 and a purchase from New Power of 15,000 (grossed up for fuel).

AND, Dave, it looks like you might have 3 or more worksheets that you are maintaining. Do you want to try and do away with any of them? All I really need are the FOM numbers buy pipeline buy pricing zone.
