RELEASE IN FULL

Summary of action items from today's IEP member company lobbyist conference call:

Discussion re: SB 28x (Sher) and direct access

- Chris Ellison and I are meeting with staff from Sher and Wright■,s offices to discuss amendments to SB 28x to make it more comprehensive. I will report to IEP and members the results of the meeting in my weekly legislative status report tomorrow.

- IEP has an appointment with Asm. Cox on Tuesday at 8:30 am. The message to him is support linking SB 28x and a direct access bill with SB 5x, and oppose ■&California first■8 language and changes to the outage and maintenance coordination (i.e., AB 60x, AB 8x, and SB 39x). IEP members are invited to join. Please let me know if you are going to attend. I will report to IEP members the results of the meeting.

- In the meantime, since SB 28x is likely to be heard on Monday, all available IEP member company lobbyists should make contact with members of the Assembly Energy Costs and Availability Committee to support SB 28x with the caveat that we would like to see some additional changes.

Discussion re: AB 60x (Hertzberg)

- Available IEP member company lobbyists should make contact with members of the Senate Energy Committee to oppose AB 60x. The message is twofold: 1) the bill creates another obstacle in the siting process when the state should be streamlining it; and, 2) as a net-importer, California would be sending the wrong signals to its neighboring states that send us power in our time of need. I will forward under separate cover the agreed-upon amendments that we would be willing to live with if we can■,t kill the bill.

Discussion re: AB 8x (Migden)

- All available IEP member company lobbyists will, once again, make contact with Assembly Member Migden's office to support a meeting to discuss IEP■,s proposed amendments to make this bill work.
