Subject: Installation for Full Requirement Dispatch Application

Thank you for attending to the talk last Friday. The current version of the program can be installed by double click on file setup.exe in O:\Research\Common\from_cs\fullReqDispatch\installation directory. It has a security checking system that allows only Enron people with readable-access to O:\Research directory to be able to run the program. If you have any questions or problems please let me know.
Thank you,
-Chonawee
