COMMERCE UNHINGED

A new breed of smart phones and connected PDAs are enabling us to shop, even long after we've dropped. But the mobile shopper is a new breed of consumer, and the mobile value chain presents a host of new issues. Mobile Services, one of five expert panels at Technology Outlook 2000, will examine the promises and pitfalls of m-commerce, wireless advertising, and the role of location-based services. Come hear from:

Mark F. Bregman, CEO, AirMedia
Bernard Desarnauts, CEO, ViaFone
Paul Palmieri, VP & GM, Wireless Services, Advertising.com

Only at Technology Outlook 2000:
The Future of Pervasive Computing
December 4 and 5, San Francisco
A VentureWire investment conference.
