Example:
US Pwr Fin Swap ISO NY Z-A HE14-23 EPT 07Jun01 USD/MWh

A US Power financial Swap Transaction with Enron North America Corp. under which the Seller pays a Floating Price and the Buyer pays the price submitted by Counterparty on the Website (the Fixed Price) in respect of the Notional Quantity per Determination Period. The Notional Quantity per Determination Period shall be the volume submitted by Counterparty on the Website, multiplied by the number of applicable hours in such Determination Period. Each calendar month during the term of the Transaction will be a Determination Period; provided that, if the term of the Transaction is less than one calendar month the Determination Period shall be the term of the Transaction. The Payment Date(s) for Transactions which are less than one month will be the fifth (5th) Business Day following the last day of the month that includes the Determination Period. The Payment Date(s) for Transactions which are one month or longer will be the fifth (5th) Business Day following the date on which the Floating Price is determinable.
The term of the Transaction shall correspond to the date(s) set forth in the Product description on the Website.

RELEASE IN FULL

The Floating Price during a Determination Period shall be the average of the hourly day-ahead prices listed in the Index for electricity delivered during Peak hours on each Delivery Day during the applicable Determination Period. The Floating Price for each Determination Period shall be calculated utilizing the hourly clearing prices published by the New York Independent System Operator on its official web site currently located at http://mis.nyiso.com/public/P-4Alist.htm, or any successor thereto, under the headings "Time Weighted/Integrated Real Time LBMP" (the "Index").

The price is quoted in US Dollars per unit of volume, which will be the Contractual Currency.
The unit of measure against which the price is quoted shall be megawatt-hours (MWh) and the quantity shown shall be in MW's delivered in each applicable hour for the duration of the Transaction (the "Hourly Quantity').
The transaction is for on-peak ("Peak") hours on each Delivery Day beginning with the hour ending 1400 (1:00 pm) and concluding with the hour ending 2300 (11:00 pm) Eastern Prevailing Time. 'Delivery Day' means a day during the term of the transaction that is a Monday, Tuesday, Wednesday, Thursday, or Friday, excluding any day that is a NERC holiday.
