Mary: Just a reminder. Tana is not in charge of form changes; Susan Bailey handles that function. Tana's primary role is "special projects" but she is helping Susan and Samantha with daily matters until Stephanie begins work and has some experience. Sara

Subject: Form Work

I suggest the attached language be substituted for the current language in the schedules in respect of Engineering Report where a PV/PDP mac is utilized. Tana, maybe this could go as an optional insert under Docs to be Delivered, rather than back in the collateral schedule with the pv/pdp language, so people won't forget to put it in under required deliveries. Thanks. Mary
