We are composing an internal and external distribution list for the distribution of the hard copies. We are trying to communicate the electronic availability of this report as the primary method of publication and are printing a limited number of hard copies. If you have not already communicated the external parties who you plan to give a hard copy to or site managers, please let me know by the end of this week. Copies will be distributed at the upcoming EHS Managers Conference.

Thanks again for everyone's cooperation and assistance in getting this report completed. If you have any questions or suggestions about next year's report, please let me know. I will be hosting a coordination meeting for next year's report in the next month or so and will be asking some of you to represent your organizations or otherwise participate.
