John,

I am interested in a power options trading position at Enron. I have a track record of profitable options trading and market-making in illiquid markets, and have also worked closely with Origination groups to design and evaluate structured products for customers. I attach my resume for your review and would welcome the opportunity to discuss my qualifications and background with you in person. I can be reached at 214-812-8560 during the day and 214-891-1705 in the evening.

Regards,

Manu
