Subject: FW: PG&E Energy Trading Entities

Lisa/Stephanie, could you please ensure that the trading profiles for each of the three PG&E entities are changed below such that by tomorrow morning they will be able to transact once we restore their headroom once we enter it into the system?

Tana, are you OK with restoring the changes reflected below? I'm thinking that since they had this transact ability once before, that it should be OK.

PLEASE LET ME KNOW IF THERE WILL BE ANY PROBLEMS.

Thanks all!

Walter

Walter,

Could you ensure that the profiles are set-up accordingly and that CAS is populated with a $5million minimum for each of these cp■,s.

I do not want to turn them on in Datamanager until tomorrow am.
